Pediatrician Charles Bell, MD Joins Staff at Manet Community Health Center, Hull and North Quincy

Quincy, MA (March 4, 2016) – Manet Community Health Center is pleased to welcome Charles Bell, MD to its practice locations in Hull and North Quincy. Dr. Bell specializes in pediatrics and sees patients from newborn to age 23. He has a special interest in adolescent medicine, obesity in children and screening for teen depression.

Dr. Bell earned his medical degree at Meharry Medical College in Nashville, Tenn. He completed his internship and residency in pediatrics at George W. Hubbard Hospital, also in Nashville. He was the recipient of a four-year National Health Service Corps scholarship and has experience working with diverse populations.

“My goal is to provide quality and compassionate health care to those who need it most,” says Bell. “I love pediatrics and I am looking forward to caring for kids in Hull and North Quincy.”

At Manet, Hull, he joins a talented team of providers, including **Gregory Smith, MD**, internal medicine, **Nikita Fitzcharles, MD**, internal medicine and **Brandy Petersen, ANP-C**, adult medicine. To book an appointment, patients should call 781-925-4550 or for more information visit www.manetchc.org.

About Manet Community Health Center:

Founded in 1979, Manet Community Health Center is a not-for-profit health and social services provider that serves the broad health needs of South Shore residents. Manet has been accredited by The Joint Commission since 1999 and Manet’s Diabetes Program is accredited by the American Association of Diabetes Educator, demonstrating its commitment to meeting the highest standards of quality.
